THE STATUTORY REQUIREMENT

Rider 31, Page III-52 of the General Appropriations Act for the 2012-2013 Biennium directs the Coordinating Board to present an annual report to the Legislative Budget Board (LBB) by September 1 of each calendar year concerning student financial aid at Texas public and independent institutions of higher education.

Institutional reports are required annually and are the basis of the Coordinating Board's report to the LBB.

In addition, Section 61.066, Texas Education Code, reads as follows:

(c) The board shall conduct a biennial study to determine the total cost of attending each institution of higher education and the resources used by students to cover that cost, including the amounts of money received by students at each institution from the major sources of public and private financial aid, including grants, loans, scholarships, gifts, and work-study programs. In conducting the study, the board shall solicit information and comments from the financial aid office at each institution of higher education. Not later than November 1 of each even-numbered year, the board shall report the findings of the study to each legislative standing committee and subcommittee with primary jurisdiction over higher education.

REPORT USES

The financial aid database compiled from your reports provides the state a means of accurately measuring the resources available to Texas students through financial aid, and is being used more and more as a basis for equitably distributing state aid resources among institutions. The database allows us to generate statewide, sector and individual institution reports.

The data also provides us an opportunity to conduct program reviews of your work. We do not have staff to conduct many campus visits. Therefore, we must use the data you submit through your reports as a means of confirming your adherence to program rules and procedures. Your care and attention to detail in compiling your reports is greatly appreciated.

REPORTING DEADLINES AND PROCESSING TIMES

Report Due Dates:

July 2	Institutions may begin submitting files
December 3*	Report must be submitted, error free, reconciled to CB year-end reports and Certified

*If the deadline above is not met, penalties may be invoked.

To view the status of your report, go to <http://www.txhighereddata.org/Interactive/CBMStatus/>. The list is organized by Institution Type. Under Reporting Cycle, be sure to select "Fall/Annual" and Under CBM Report, select "FADS".

EDC Data Report Processing Schedule (7 days a week):

Important things to Remember:

- You must disconnect promptly from the SFTP session after successfully transferring your file,
- Make sure only one person at your institution has an SFTP session open at any one time.
- Do not log into the SFTP server at the :03 minute or :33 minute times of the hour. Our system automatically synchronizes itself and if you try submitting your file at this time, it will automatically be deleted and we will not receive it.
- If your institution submits a variety of reports at the same time, the FAD001 report is processed first. However, acknowledgements are not sent out to schools' generic email addresses until all the school's reports submitted at the same time are processed. If more than 45 minutes pass between when you submit your FAD001 report and receive an acknowledgement, check your generic email address for a response.

SEQUENCE OF ACTIVITIES

- A.** Our first step is done in April. We ask each Financial Aid Officer to confirm the “generic” e-mail address that begins with fadmail@institution or fad-mail@institution. We then update our file. If we cannot confirm the email addresses, file receipt confirmations and error report notifications cannot be sent by our system.
- B.** The institutions then submit their files to our office. They are sent electronically (either by Secured File Transfer Protocol, SFTP or by Data Entry) and the institution receives almost immediate confirmation that we have received the file. This does not mean that the file is correct; it simply means that the institutions’ transmissions were received. Even if you do not have a full report to submit, we recommend you submit some data so that your records can be run through the edit checks. This test file will ensure 1) you will receive file receipt confirmations, 2) you will receive edit report notifications, 3) your header record is valid, and 4) the student records you are submitting are in the correct format. However, we cannot accept pieces of your file a bit at a time. Once you submit a test file, your subsequent files must include all of your student records. Each time a file is submitted, it will overwrite the file previously submitted by your institution, so you must make sure you are submitting a complete file.
- C.** Our computer edits are performed, which will check to make sure your file is compatible with our required format in terms of spacing, field lengths, order of data elements and justification (numbers are right justified; alphabetic fields are left justified). The edit program will also check to make sure the figures you are submitting fall within the ranges for each field, which are listed in detail beginning on page 10.
- If errors are detected or your data appears questionable, you will be sent a notification (by email), which will indicate the location of your error report. The notification is sent to the institution’s generic e-mail address. Once you retrieve your error listing, it will list which fields are in error or have values we believe need review. Error messages must be corrected; warnings or questionable values must be reviewed for accuracy.
- D.** The school then makes corrections as indicated on the error listing and resubmits its entire file. None of your students’ data will be added to the statewide database until all of your errors have been eliminated in this fashion. A file with warnings or questionable values will be accepted without additional confirmation to the CB. However, we do ask that you review the warnings or questionable values closely. See page 4 regarding overrides.

We monitor the time delays in receiving responses from institutions. If more than 2 days pass between the sending of our error listings and the receipt of a response from the school, we will contact the institution through the generic email address. All edits must be resolved by December 1st (or the first business day after, if this date falls on a weekend).

The steps mentioned above are meant to keep schools aware of the status of their reports. If an institution is not responding to its edit messages using these processes, the CB will notify Presidents of institutions that an institution has not met the deadline.

THE CYCLE IS REPEATED UNTIL ALL ERRORS HAVE BEEN RESOLVED.

- E.** Once your file is error free, a reconciliation memo along with summary reports, in Excel format, are sent to you for review. These are sent to the generic email address. **The summary reports must be reviewed to make sure the program totals reconcile to CB year-end reports and that they**

accurately reflect the activities made by your Institution. Any program whose totals do not match must be reconciled. This includes either resubmitting your FAD001 to match the CB year-end report; or correcting your CB year-end report to match your FAD001. Starting with the report for FY2010, you have been required to reconcile (1) the student ID numbers in the FAD001 to those used in the CBM001; and (2) the residency coding of students in the FAD001 and the CBM001 for non-immigrant residents (HB1403 students). These additional steps allow us to match records between the CBM and FAD001 reports, greatly expanding our ability to analyze student trends and accurately report aid recipients and amounts to the Legislature.

F. Once all programs and CBM001/FAD001 data are reconciled, you will receive new summary reports. If you agree with the reports, you should request the Certification by sending an email to Tanya Treviño (tanya.trevino@thecb.state.tx.us). The Request for Certification is included at the bottom of the reconciliation memo that is sent. When the Certification is received by the institution, it must be completed and sent back by email. **An institution's report will not be considered fully COMPLETED until the request for Certification is requested, filled out, and returned.**

To view the status of your report at any time, you may go to <http://www.txhighereddata.org/Interactive/CBMStatus/>. The list is organized by Institution Type; Under Reporting Cycle, be sure to select "Fall/Annual" and the year; then Under CBM Report, select "FAD001".

REMINDERS

Special Circumstances – Overriding our Limits: When we have identified correct data as errors, (such as ID discrepancies for students who received financial aid but dropped out before the census date and were therefore not found in the CBM001) you will need to send us a written explanation indicating the information is correct and authorizing us to override our editing process to accept the unexpected value. The written statement should be e-mailed to Tanya Treviño at tanya.trevino@thecb.state.tx.us. If such an override is used to resolve the final error(s) remaining in an institution's file, the institution will be sent an email that the errors have been overridden. Please use the format below when requesting an override:

List the last 4 digits of the student's social security number, give the data element number for which you are requesting an override and list the reason the override should be given.

REMINDERS OF CHANGES OR REVISIONS TO DATABASE REPORT FOR REPORTING FY 2012 (Report due by 12/1/12)

- ✚ December 1st or the first business working day after that date is the date by which your file must be submitted, error free, reconciled to year-end financial aid program reports and CBM001 reports at the CB and certified. This date will be enforced and any institution not meeting this deadline can be penalized. A letter will be sent to your President informing them of the missed deadline.
- ✚ You are able to use alpha and numeric characters when reporting the student's social security number and/or ID (fields 1D and 36). Remember to be consistent when reporting students on FAD001, CBM reports and any other reports submitted to the CB.
- ✚ Student's social security numbers or ID numbers must match to those you submit on the CBM001, CBM00A and any other reports submitted to the CB. A list is included at the end of the edit report to identify SSNs or IDs that do not match with CBM reports. Discrepancies found during the edit process must be addressed prior to certification.
- ✚ A student reported on the FAD001 as a non-immigrant resident, must also be reported as a non-immigrant resident, 'A' on the CBM001 and CBM00A reports. Conflicts between the reporting of non-immigrant resident students on the CBM001 and FAD001 will generate an error-listing which must be cleared before you can certify your FAD001 report.
- ✚ Merit and non-need based aid recipients should be reported with your need-based aid recipients. Include ALL students who were enrolled at your institution and completed a FAFSA or TASFA, even if they did not receive aid, as well as any student who was enrolled at your institution and received aid (such as merit aid, non-need based aid or exemptions/waivers), but did not complete either the FAFSA or TASFA.
- ✚ Data Element 4 (Top 10 Percent Scholarship) - maximum set at \$4,000;
- ✚ Data Element 5 (Unmatched Reason) – The requirement of matching FAD001 to CBM reports has necessitated this new FAD001 field. Institutions should use this field to identify the reason why students with mismatched student identification numbers or 1403 residency codes appeared on the error lists. Details can be found on page 10 of the manual.
- ✚ Data Element 6 through 11 (Tuition Exemption Award and Code) – **PUBLIC INSTITUTIONS ONLY**: Institutions may now report up to three separate tuition/fee exemptions and/or waivers awarded for each student. Each award type has two fields. One field captures the code of the exemption or waiver being reported and the other field captures the value of the exemption or waiver being reported. These fields replace the current data element #29 for Public Institutions Only and the edit process will restrict any entry into these fields (6-11) to public institutions only. **Private Institutions** will continue to use field 29 and the edit process will restrict entry into this field (#29) to private institutions only.
- ✚ Data Element 31a (PELL) - maximum changed to \$8,325;
- ✚ Data Element 31d (FILLER) – previously used to report Federal Smart Grant. Program discontinued, use zeroes as filler. **Do not leave blank.**

- ✚ Data Element 31e (TEG) – maximum changed to \$5277 if EFC \leq 1000, otherwise max is \$3,518, student’s tuition differential or student’s need (COA-EFC);
- ✚ Data Element 31f (FILLER) – previously used to report LEAP. Program discontinued, use zeroes as filler. **Do not leave blank.**
- ✚ Data Element 31k (FILLER) – previously used to report State Nursing Scholarship. Program discontinued, use zeroes as filler. **Do not leave blank.**
- ✚ Data Element 31m (FILLER) – previously used to report Academic Competitive Grant. Program discontinued, use zeroes as filler. **Do not leave blank.**
- ✚ Data Element 31o (TEXAS Grant Program) – maximum changed to \$7,100;
 - Public Universities, Public Health-Related and State Colleges – maximum \$7,100
 - Public Community Colleges – maximum \$1,890
 - Public Technical Colleges – maximum \$3,540
- ✚ Data Element 31p (TEOG) – maximum changed to \$7,100;
 - State Colleges – maximum \$7,100
 - Public Community Colleges – maximum \$1,890
 - Public Technical Colleges – maximum \$3,540
- ✚ Data Element 31q (FILLER) – previously used to report SLEAP. Program discontinued, use zeroes as filler. Do not leave blank.
- ✚ Data Element 33a (FILLER) – previously used to report Subsidized Stafford Loans. Program discontinued, use zeroes as filler. Do not leave blank.
- ✚ Data Element 33b (FILLER) - previously used to report Unsubsidized Stafford Loan. Program discontinued, use zeroes as filler. Do not leave blank.
- ✚ Data Element 33d (FILLER) - previously used to report Federal PLUS Loans. Program discontinued, use zeroes as filler. Do not leave blank.
- ✚ Data Element 33i (Subsidized Federal Direct Loans) – maximum changed to \$8,500
- ✚ Data Element 33k (Unsubsidized Federal Direct Loan) - maximum changed to \$20,500;

Also include any enrolled student that received aid, but may not have completed either the FAFSA or TASFA. All fields are required to be reported, even if reporting zeroes or blanks. **Changes are highlighted.** **Data Element Instructions begin on page 23.**

DATA ELEMENT INSTRUCTIONS

Include ALL eligible aid applicants who were enrolled at your institution. Merit, non-need based aid recipients should be reported with your need-based aid recipients. Include all students who were enrolled at your institution and completed either a FAFSA or TASFA (Texas Application for State Financial Aid), even if they did not receive aid as well as any student that was enrolled at your institution and received aid, but may not have completed either a FAFSA or TASFA. The number of records in your file should equal the number of aid applicants you report in your header record.

Element #1A Report Code. Always enter 'F'.

Element #1B FICE. Enter the 6-digit FICE Code of the Institution. This is the six-digit "FICE" code assigned by the federal government and the same number used to submit loan applications.

Element #1C Report Year. Enter the year that is being reported; 2012 for fall 2011 through summer 2012. We will accept the school's definition of an academic/award year; however, it is imperative that the institution be consistent in reporting from year to year. Our statistics will be valid as long as they reflect a 12-month period, whenever that period begins or ends. Also, keep in mind that we use the fiscal year year-end reports to reconcile against your FAD001 report. So, if you use Fall/Spring and Summer, then you will be able to easily reconcile your programs.

Element #1D Student Social Security Number/ID Number. Enter the social security number of the student. The institution will assign a unique (9-digit) identification number to students without social security numbers. (NOTE: Please do NOT use the FICE+3 trailing digit approach in assigning an ID). If the student has both SSN and Student ID, report the SSN in Element 1 and the ID in Element 36. BE CONSISTENT WITH IDs REPORTED ON FAD001, CBM, TEXAS GRANT YEAR-END AND ANY OTHER REPORTS SUBMITTED TO THE CB. You will receive a listing within your error report for any student(s) found on the FAD001 that were not reported on the CBM report. Alpha characters are now acceptable and must match what was reported on the CBM reports.

Element #2 Student and/or spouse adjusted gross income. Enter in student and/or spouse's adjusted gross income. **For Dependent and Independent Students, report the AGI amount actually used to justify the financial aid award, which may have been adjusted by the institution via professional judgment.** You can enter 999999 as a response only if the student did NOT complete a FAFSA or TASFA and your institution did NOT do an EFC hand calculation based on the Federal Methodology.

Element #3 Parent's adjusted gross income. For Dependent Students ONLY, enter in parent's adjusted gross income. Report the AGI amount actually used to justify the financial aid award, which may have been adjusted by the institution via professional judgment. You can enter 999999 as a response only if the student did NOT complete a FAFSA or TASFA and your institution did NOT do an EFC hand calculation based on the Federal Methodology.

Element #4

Top 10 Percent Scholarship. Report the Top 10 Percent Scholarship amount the student received. Student MUST be reported as:

1. Attending a public institution;
2. Undergraduate or First-time Entering Freshman (options 1 or 5 under data element 17, Classification);
3. Full-time (option 1 under data element 23, Enrollment Status); and
4. Texas Resident or Non-Immigrant Resident ONLY (options 1 or 5 under data element 20, Residency).

Element #5

Unmatched Reason. Report "00" for all students when you submit your first report (unless you already know the relevant codes, below, for correcting errors), and use this element to explain discrepancies between the FAD001 and CBM001 report (as listed at the end of your edit report before submitting subsequent report files.) Report the reason code that indicates why the student appeared on the list within your error report showing that their SSN/ID did not match between your FAD001 file and the CBM reports. If the student was not included on the list, the code should be left as 00.

- 00 = Student was not included on error list(s)
- 01 = Student dropped all classes before census date in all term/terms in which he/she enrolled.
- 02 = Student enrolled after the census date in all term/terms in which he/she enrolled
- 03 = Student is 100% enrolled in continuing education courses
- 04 = Student is a nonresident and is 100% enrolled in distance education
- 05 = Student was only enrolled in summer or winter or mini session
- 06 = Student's SSN/ID was reported incorrectly and a change will/has been made through the CBM00N
- 07 = Student began year as 1403 student, and then became Permanent Resident.
- 08 = Student deceased and not reported on CBM001
- 09 = Student attended this campus, but enrollment was reported by another one of our campuses
- 10 = Student/classes are not reported for state funding
- 11 = Other reason not listed above, but sent as override request to CB.

NOTE: Option 10 can be used for students enrolled in:
Credit awards, audit courses, credit by examination online courses only, extension courses, study abroad, telecampus, non-degree seeking, foreign International, consortium and/or TIER II.

If using option 11, an override request MUST be emailed to Tanya Trevino giving the reason the student(s) did not match.

Elements #6, #8 & 10 Tuition Exemption/Waiver Award 1-3 **Private Institutions** should report exemptions and waivers in Element 29. **Public institutions** should report their exemptions and waivers in fields 6-11.

Enter the award amount(s) of up to three different tuition or fee exemption

or waivers the student received. In Elements 7, 9, and 11 you will be asked to identify the programs through which these awards were received. This should equal the amount of tuition and/or fees the student did NOT pay as a result of receiving an exemption or waiver. Fellowships should be reported under data element 31h, 31i, or 31n, depending on the source of funding. Awards through the Educational Aides Exemption Program, Early High School Scholarship Program, or Temporary Assistance for Needy Families (TANF) Program should NOT be reported here, but under data element 31n. Remember, all exemption and waiver recipients should be reported in the FAD001, whether or not the recipient completed a FAFSA or TASFAA.
Enter 00000 for any field not being reported, do not leave blank.

Element #7, #9
and #11

5. First-time Entering Freshman

Element #18 Dependency Status. Enter the FAFSA dependency status of the students.

1. Dependent
2. Independent
3. Unknown

NOTE: Option 3 is only to be used when the student did not complete a needs analysis and therefore dependency status cannot be determined.

Element #19 Date of Birth. Enter the month, the day, and all four digits of the year the student was born in the MMDDYYYY format. Day range is 01 through 31 and month range is 01 through 12.

MM = Month; DD = Day; YYYY = Year

Element #20 Residency. Enter the code indicating the residency status of the student. Use the resident status of the student at the beginning of the award period. NOTE: a non-resident who is paying resident tuition rates as the result of a waiver is still a non-resident student.

1. Resident
2. Out-of-state or foreign
3. Unknown
4. National Merit Finalist
5. Non-Immigrant Residents

Use the following guidelines to classify students:

1. Resident – Texas residents; person who was classified as a

resident of this state as described under Chapter 54, Subchapter B, Texas Education Code.

2. Out-of-state or Foreign – invalid for students receiving any state aid except TPEG.
3. Unknown – to be used ONLY by private institutions and NOT for students receiving any state aid.
4. National Merit Finalist – to be used ONLY by private institutions for students receiving TEG.
5. Non-Immigrant Residents – these are students who formerly would have qualified through section 2 of HB 1403.

NOTE: Public institutions should use the classification assigned by the registrar or admissions officer. If you are using an electronic system, make sure you can tell the difference between the residents and nonresidents getting to pay the resident rate because of waivers. A nonresident with a waiver is still a nonresident. Private institutions must also follow state residency laws and rules. The CB can provide you a residency questionnaire for this purpose.

Classifying Military Personnel: If their state of record with the military is not Texas, they must be reported as nonresidents, even if they are receiving waivers and are allowed to register by paying the resident rate. They are nonresidents. If their state of record with the military is Texas, they are Texas residents. Make sure you can tell from your admissions/registrar's records whether an individual is a resident or simply a nonresident who gets to pay the resident rate.

ALL NON-IMMIGRANT STUDENTS: Students whose residency codes in FAD001 do not match their codes in CBM001 with regard to being a non-immigrant (formerly 1403) resident or not, will be listed at the end of your edit report and you will have to reconcile the codes in order to certify your report.

- Element #21 Filler Field. LEAVE BLANK OR USE SPACES.

- Element #23 Enrollment Status. Enter the code representing the highest enrollment status of the student during the reported academic year. In cases where the student's enrollment status is different from semester to semester, you would still report the highest enrollment status of the academic year being reported.
1. Full-time
 2. $\frac{3}{4}$ -time
 3. $\frac{1}{2}$ -time
 4. Less than $\frac{1}{2}$ -time
- NOTE:** Use the following to define enrollment for Undergraduates:
1. Full-time = at least 12 hours per semester
 2. $\frac{3}{4}$ -time = 9 to 11 hours per semester
 3. $\frac{1}{2}$ -time = 6 to 8 hours per semester
 4. Less than $\frac{1}{2}$ -time = fewer than 6 hours per semester

Use the following to define enrollment for Graduates:

1. Full-time = at least 9 hours per semester
2. $\frac{3}{4}$ -time = 7 to 8 hours per semester
3. $\frac{1}{2}$ -time = 4.5 to 6 hours per semester

You must report full cost. If the student was enrolled for other than 9 months and your system does not allow you to adjust the cost for the period the student was enrolled, you MUST provide the enrollment adjustment percentage (EAP) in element 35a of this report. See element 35a for instructions. You can enter 99999 as a response only if the student did NOT complete a FAFSA or TASFA and your institution did NOT do an EFC hand calculation based on the Federal Methodology. Under these circumstances, if the student received aid, it should only be merit aid, categorical aid or other aid that does not require a need analysis to determine eligibility. Otherwise, there should be a valid EFC and COA to report.

Element #28

Expected Family Contribution. Enter the amount of expected family contribution as determined using the Federal Methodology (FM). This amount may reflect a professional judgment calculation. Report the EFC amount actually used to justify the financial aid award, which may have been adjusted by the institution via professional judgment. See element 35b for instructions. You can enter 999999 as a response only if the student did NOT complete a FAFSA or TASFA and your institution did NOT do an EFC hand calculation based on the Federal Methodology. Under these

Awards through the Educational Aide Exemption Program, Early High School Graduation Scholarship Program, or Temporary Assistance for Needy Families (TANF) Program should NOT be reported here, but under data element 31n. Enter 00000 if the student received no exemptions or waivers. Remember, all exemption and waiver recipients should be reported in the FAD001, whether or not they completed a FAFSA or TASFAA.

Public Institutions should use Fields 6 through 11 and enter 00000 here.

ELECTRONIC SUBMISSION

**Transmitting your File
Header and Trailer Records
Data Entry Instructions for Online Web System**

ELECTRONIC DATA TRANSFER SYSTEM

The submission of FAD001 reports must be by electronic transfer. If any data items need to be changed, make the changes to your file and re-submit it as a complete report. State and federal security requirements mandate that confidential data be transferred using a secure process. Since July 15, 2004 all files are required to be submitted or retrieved via SFTP (the secure FTP) server process. Connection to the SFTP File Server at the THECB is via the Internet.

You may create the data file containing a header record, data records, and a trailer record by whatever method available.

The header record contains information to identify the data in the file and the length of the data records. The trailer record contains a record count of the actual number of data records, not including the header and trailer records, in the file. The record count in the trailer record will be used to verify that all records were transferred through the communication system.

The actual file name is not critical. Information in the header record is used to identify data contained in the file. To avoid possible confusion or loss of file by writing over a previously transferred file of the same name, we recommend you make each file transferred a unique name.

In order to submit FAD001 files, you must log into the SFTP server, sftp.thecb.state.tx.us, with a username and password.

For USERID: Enter "fasNNNNNN0" where "NNNNNN" is your six-digit FICE code.
For example, "fas00123400" (lower case 'fas'; leading zeros required in the FICE code).

For PASSWORD: Enter your password, case sensitive. Contact Tanya Treviño at e-mail tanya.trevino@thecb.state.tx.us for your password.

Each FICE code has a unique password assigned to it. Guard it to prevent unauthorized access to your data.

The data sent to the Coordinating Board goes to the "INPUT" directory and the edit and summary report files are retrieved from the "OUTPUT" directory. Detailed installation instructions are located at <http://www.txhighereddata.org/UsingSFTP.cfm>

The data content of files will be as defined on the Data Processing Record Layout of each report. The format and content of the HEADER and TRAILER records are critical and must be valid. Identification of the data depends totally on the accuracy of the information contained in the header record.

Note: The standard Summary Report is compared to the previous year to aid in early detection of potentially erroneously-reported data. It will show the percentage increase/decrease of items, evaluate the items identified with a Review message, and submit updates to correct where appropriate. If the absolute value of the difference between the current year and prior year item

- 1) is less than 50, a Review message is not printed.
- 2) is between 50 and 10,000, a percentage change greater than 25% is identified.
- 3) is between 10,000+ and 100,000, a percentage change greater than 20% is identified.
- 4) is greater than 100,000, a percentage change greater than 10% is identified.

If the original report had only one column the comparison data is in adjacent column. If the original report had multiple columns the comparison data is in the next row and asterisks are printed below the column in question.

The report is a 'work in progress' and we would appreciate any feedback you may have regarding it.

This report will only appear when there are no errors.

RECONCILIATION AND CERTIFICATION

Sample Reconciliation Memo

Sample Certification Memo

SAMPLE RECONCILIATION MEMO

After receiving a file with no errors, you will receive the memo below with your summary reports attached. **You must review your summary reports to make sure they accurately reflect awards made at your institution.** If your FAD001 report needs to be corrected, you must make your corrections and resubmit your entire FAD001 file. If the year-end reports are incorrect, then you must notify me and revise the year end reports.

RECONCILIATION OF FY2012 FINANCIAL AID DATABASE REPORT

The attached files are summary reports generated from your FY2012 Financial Aid Database. Please review them and make sure they accurately reflect the activities of your office.

Our editing process allows us to check for values that fall within acceptable, but only you can determine whether all of the programs are correctly reflecting awards made through your institution (for instance, that you had 100 TEXAS Grant awards or 200 BOT Loans last year).

The row labeled "CB In-house Reports:" on the program summary report spreadsheet reflects data from your FY2012 year-end reports for the following programs:

TEG	TCWSP
TEXAS Grant	TEOG

The two data sets must be in agreement. For example, if you reported \$2,000 and 2 awards when you submitted your Texas College Work-Study Program Year-End Report, those same numbers should appear on the database.

If the numbers are not in agreement or if any of your programs are not showing the correct total of awards made, you will need to either correct the Financial Aid Database Report or the CB reports (if one of the programs above), depending on which is incorrect. Please let me know which report you will be correcting. Keep in mind that resubmitting your database report will override any files for FY12 previously received for your school. Once the edits are clear again, we will re-send you the reports so that you can review them for accuracy.

Edit reports include lists of any social or ID discrepancies between your FAD001 file and CBM reports. If your FAD001 report and CBM reports do not agree in their coding of non-immigrant residents (1403 students), your edit report will include a list of such students. In order to certify your FAD001 report, all ID and 1403-coding discrepancies will have to be resolved. We have added a field labeled "Unmatched Reason" that is to be used to indicate the reason, if any, your students do not match between both reports. If the CBM001 data is correct for SSN/ ID number or 1403 coding, then FAD001 data needs to be corrected and your file resubmitted. If FAD001 data are the correct ones, please code the student appropriately using data element 5. **NOTE: Your institution may not request the Certification if you have any discrepancies between the two reports for those fields.**

Once you have reviewed your summary reports and if they accurately reflect the awards made at your institution, send an email to Tanya Treviño at tanya.trevino@theeb.state.tx.us, requesting your certification. Include the statement below when requesting your certification. Failure to request and complete your certification before December 3rd will result in your report not meeting the deadline and your institution may be penalized.
