RE: [Roy G. Cullen Building], LEED ID+C Project [#1000128095]
MRC1 Long-Term Commitment

Note to Design Team:
Edit the bracketed, highlighted text and submit to the UH Project Manager to obtain the required signature.

To Green Business Certification, Inc. (GBCI):

University of Houston commits to occupying its renovated [Roy G. Cullen building] for at least another ten years. This commitment will start upon certification acceptance and will continue indefinitely.

University of Houston was established in 1927. We do not envision relocating our flagship campus from its central location in Houston or demolishing the [Roy G. Cullen building]. [The Cullen building was the second building completed on campus and as such it is part of our historic core.]

In summary, we expect the University to remain in its current location, thereby conserving resources and reducing environmental harm from materials manufacturing and transport associated with relocation.

Sincerely,

Christa Rieck
Assistant Vice Chancellor | Assistant Vice President
Facilities Planning
University of Houston
