STUDENT HOUSING & RESIDENTIAL LIFE – OVERVIEW

Student Housing & Residential Life supports the mission of the University of Houston by fostering communities where academic success, student growth and development, diversity, and community are nurtured. The department exists to support students so that they will be successful in their college career while living on campus, and to prepare them to continue their success after graduation. Within every interaction between residents and the department, our professional and paraprofessional staff members lead with our values of student success and satisfaction, whole person/student development, community development, building relationships, and leading with an ethic of care.

The Department has made significant progress toward the broad goals of Student Success, Vibrant/Growing Residential Communities, Student-Centered Housing Operation Processes, and Data-Driven Decision Making. Several critical objectives planned for 2012-2013 have been met and which support the strategic initiatives of the Division and University.

Major achievements of the department include the following:

- Completed the reorganization process but updating staff structure.
- Implemented a new, efficient check-in system with an off-site check-in location.
- Refined Passport, SHRL's housing management system.
- Enhanced the self-assignment process for rooms.
- Implemented Room Sync, a Facebook based roommate matching service.
- Instituted the Relational (metacognition) RA Programming Model.
- Showed substantial improvement on the EBI, with 15 out of 19 factors having a statistically significant increase.
- Completed and implemented plans to incorporate two new and one existing residence halls into SHRL.
- Developed marketing videos in several different languages in order to appeal to a wider variety of people, encouraging them to live on campus.
- Re-invented Conference Services hiring and training model
- Re-invented Guest Housing program for SHRL
- Began Stories Project, recording housing alumni's stories about their experiences living on campus.
- Created SHRL Advisory Committee composed of faculty, staff and students.

For more information concerning Student Housing & Residential Life, please see Appendix 1.

Section 3
STUDENT HOUSING & RESIDENTIAL LIFE GOALS

After reviewing the University’s strategic initiatives and with input from the department, the leadership team identified the following broad goals for the Student Housing & Residential Life Department’s strategic direction, which it will continue for the next one to three years:

- **Student Success**
- **Vibrant/Growing Residential Communities**
- **Student-Centered Housing Operation Processes**
- **Data-Driven Decision Making**

Initiatives accomplished (or continue in process) over this Fall semester in support of our departmental broad goals and the Division of Student Affairs and Enrollment Services follow:

Section 4
STUDENT HOUSING & RESIDENTIAL LIFE LEARNING OUTCOMES

The process for Student Housing & Residential Life developing and implementing learning outcomes was a major goal for the 2012-2013 academic year. As described in the 2012-2013 Assessment Plan, several assessment initiatives in line with the DSAES Strategic Plan include specific and measurable learning outcomes.

Please see our department assessment plan below:

Name of Program/Service	University Goal	Learning Outcome(s)/Program Objective(s)
Student Housing & Residential Life Retention	Promote and support student success; create student-centered housing operation processes.	Objective - Determine reasons why students are not returning to residence halls for the following semester (Spring or Fall).
RA-Resident Interactions - Resident Connections with Staff and UH	Promote and support student success; create vibrant/growing residential communities; create student-centered housing operation processes.	<p>Objective - Assess the new/updated Intentional Interaction 'Programming' Model.</p> <p>Learning Outcomes – Residents will be able to:</p> <ul style="list-style-type: none"> -Identify and commit to personal goals in the areas of (a) Academic, emphasizing academic skills and career exploration and development; (b) Community Involvement and Leadership, (c) Personal Wellness; and (d) Time Management. -Describe the values, beliefs, strengths, weaknesses, perspectives, and styles of themselves and others, and articulate an appreciation for them in terms of unique, evolving and self-directed cultural beings. -Describe how their involvement in at least one curricular or co-curricular experience affected their college experience. -RAs will be able to describe what they have learned about themselves related to their preferred learning style and Top Five Strengths (based on StrengthsQuest).

Name of Program/Service	University Goal	Learning Outcome(s)/Program Objective(s)
Student Housing & Residential Life General Services	Promote and support student success; create vibrant/growing residential communities; create student-centered housing operation processes; engage in data-driven decision making.	<p>Objective - Assess the general satisfaction and perceived learning that residents experience when living on campus.</p> <p>Satisfaction Measurements: Hall/Apt Student Staff; Hall/Apt Programming; Room/Floor Environment; Facilities; Services Provided; Room Assignment or Change Process; Safety and Security; Dining Services.</p> <p>Learning Outcomes: Fellow Residents are Tolerant; Fellow Residents are Respectful; Sense of Community; Personal Interactions; Diverse Interactions; Manage Time, Study, Solve Problems; Personal Growth.</p>
Student Housing & Residential Life Customer Service	Promote and support student success; create student-centered housing operation processes; engage in data-driven decision making.	Objective - Assess customer service skills and interactions of all staff who directly engage with students/customers.
Resident Assistant (RA) Fall RA Training	Promote and support student success; create vibrant/growing residential communities; engage in data-driven decision making.	Objective – Determine the level of skills, knowledge, and abilities RAs have learned and are able to apply after participating in the Fall RA Training experience.

Section 5
STUDENT HOUSING & RESIDENTIAL LIFE ACCOMPLISHMENTS

Student Housing & Residential Life continued to progress towards its goals through the 2012-2013 academic year. SHRL accomplished much during this period, including the following:

1. Convened the SHRL Advisory Committee, which included representatives from faculty, staff and student governance organizations.
2. Housing study completed with Brailsford & Dunlavy giving recommendations for future Student Housing & Residential Life strategic planning.
3. Student Housing & Residential Life received information related to on-campus residents' academic performance. According to the data below, residential students' average GPA has increased for the Fall semester over the past four years:

Residential Life & Housing	Fall 2009		Fall 2010		Fall 2011		Fall 2012	
	N	GPA	N	GPA	N	GPA	N	GPA
Residential Students	4095	2.72	5010	2.76	5178	2.85	5845	2.94
FTIC Residential Students	1136	2.57	1552	2.63	1601	2.76	N/A	N/A
Full time Degree-Seeking FTIC Residential Students	1107	2.59	1521	2.64	1568	2.77	N/A	N/A

One Year Retention Rate of Full Time Degree-Seeking FTIC Residential Students	
Fall 2012	N/A
Fall 2011	82.07%
Fall 2010	77.84%
Fall 2009	78.17%

4. Intentional interaction of RAs with residents increased:
 - a. RAs were tasked with building relationships with as many residents as possible through intentional interactions and logged these interactions.
 - b. Through StrengthsQuest, RAs became familiar with their strengths to be able to contribute to the growth of the team, themselves, and their residents' learning outcomes.
5. Initiated Hall Council system:
 - a. Elected five student hall council executive boards: Calhoun Lofts, Cougar Village, Moody Towers North and South, and the Quadrangle, using Campus Labs to conduct the election process.
 - b. Conducted Hall Council training for elected students from all areas.
 - c. Conducted first General Assembly Meetings for each of the Hall Councils.
 - d. Planned and executed 11 hall council programs with about 750 attendees in the Fall.

- e. In the Spring, the Hall Councils presented 15 programs with about 1060 attendees.
6. Developed RA committee system, including:
- a. Recruitment & Selection
 - i. Separated position description from agreement.
 - ii. Updated the applications for RAs, SRAs, and returning staff members.
 - b. Training & Development
 - i. Reviewed Fall Training assessment results.
 - ii. Developed and implemented three in-services (one per month) that all RAs were required to attend.
 - iii. Planned Winter Training (three-day curriculum).
 - iv. Planned and scheduled three mandatory in-services for Spring semester.
 - c. Assessment & Evaluation
 - i. Developed an RA evaluation form that corresponds directly to the position description.
 - ii. Created a self-assessment form for RAs to complete.
 - iii. Developed an RA Assessment that residents filled out online.
 - d. Department-Wide Programming
 - i. Events were organized for Cat's Back, Homecoming and Cougar Preview.
 - e. Spirit & Recognition
 - i. Implemented a monthly birthday recognition campaign – RAs received cupcakes on the month of their birthday.
 - ii. Hosted a Halloween Party for RAs.
 - iii. Organized an End of the Semester Social Celebration with Campus Recreation and Wellness.
 - f. Communication/Public Relations
 - i. Drafted and distributed (on-line) a bi-weekly newsletter by area.
 - ii. Streamlined building Twitter accounts and offered prizes for residents who followed SHRL handles and hashtags.
 - g. Sustainability
 - i. Co-sponsored Green UH.
 - ii. Developed a campaign for offices and students to print double-sided.
 - iii. Co-sponsored the Sustainability Festival.
 - iv. Initiated meetings with Facilities to brainstorm ways to increase recycling container visibility on campus.
 - h. Educational and Relational Programming committees by building/area
 - i. These committees hosted and/or supported 157 events for a total attendance of 9,916 individuals in the Fall.
 - ii. In the Spring, there were 177 events attended by over 4,000 people.
 - i. RA Council
 - i. Addressed, initiated conversations and/or resolved issues related to Facilities, Service Desk Operations, access and meal plans.
 - ii. Met with Financial Aid to gain better insight into how the RA position impacts students' financial aid.

- iii. Developed a PowerPoint presentation on the Division of Student Affairs and Enrollment Services Strategic Plan as it directly relates to the RA/SRA position. This presentation was shared during Winter Training with all RAs/SRAs.
7. Identified 11 Theme and Living-Learning Communities (and building locations) for the 2013-2014 academic year, including drafting statements of understanding with partner academic departments.
8. Collaborated with CAPS to host "Let's Talk" in the Moody Towers, Cougar Village I and Quadrangle common area.
 - a. 172 students stopped by for advice/questions.
 - b. 22 students sought personal consultation.
9. Administrative process improvements:
 - a. Created and implemented a new space reservation process.
 - b. Created a process to manage and document room access.
 - c. Customer Service Representatives (CSRs) conduct weekly or bi-weekly key audits to ensure accuracy and appropriate billing.
 - d. Created a new room transfer process.
 - e. New filing system was implemented in the Housing Office.
 - f. New system was developed for handling Housing Office email. Response time is within 24-48 hours.
10. Housing Office reorganization was proposed and implemented.
 - a. Assistant Manager hired.
 - b. CSRs were promoted from CSR 1 to CSR 2.
 - c. Vacant CSR positions filled.
 - d. New service desk staffing model put into place.
 - e. Implemented an online Desk Assistant application.
 - f. Desk Logs are now available on SharePoint where Desk Assistants can record and track customer service incidents.
 - g. Created Desk Assistant staff back-up system, including floaters and on-call staff.
 - h. Initiated extensive training for Customer Service Representative and Desk Assistant Training including:
 - i. Customer service
 - ii. CSR cross-training
11. Established a centralized tour guide station within the Housing Services Office.
12. Provided an online "Wait List" for students who applied for housing but want to change rooms prior to move in.
13. Implemented RoomSync, a roommate matching service that uses Facebook. This allows students to choose their own roommates. The roommates will then be able to book a room together through the improved Passport system. This was available in the Spring for Fall 2013 bookings.

14. Cougar Place and Cougar Village II construction is on track to open August 2013.
15. Summer 2012 conferences exceeded Summer 2011 revenue.
16. Summer 2013 conference revenue is projected to exceed Summer 2012.
17. Marketing area improvements:
 - a. Developed a new marketing plan.
 - b. Created a new tour email address: housingtours@uh.edu.
 - c. Hired one additional tour guide and increased responsibilities of the tour guide staff. They now handle Calhoun Loft tours and tour registrations, which frees Ashriel Dunham's time for other duties.
 - d. Created Social Media plan for Fall semester on twitter and Facebook.
 - e. Established a centralized tour guide station within the Housing Services Office.
 - f. Filmed "Stories Project" and "Why Live on Campus" video campaigns. These include interviews with UH alumni who lived on campus and videos in different languages.
18. Business Office improvements:
 - a. Business Office evaluated business practices during a pre-audit session and is implementing new ideas to improve business operations.
 - b. To better accommodate our department's practice of placing several student workers on payroll at a time, the Business Office developed a procedure to prevent employees working when they are not eligible.
 - c. Conducted a paper audit.
19. Assessment Achievements:
 - a. Conducted five surveys during Fall RA Training to measure training effectiveness.
 - b. Created and conducted a survey of residents regarding their interaction with their RAs.
 - c. Created and implemented an RA Self-Evaluation based on the RA position description – the results were provided to RLCs to incorporate in end-of-semester evaluations.
 - d. Administered the EBI (Educational Benchmarking, Inc.) survey for a second year. The participation rate increased to 40% from last year's 25.7%. On the 19 factors measured by the EBI, SHRL showed statistically significant improvement on 15 factors.
 - e. EBI rankings with Select 6, Carnegie Class and All Institutions showed considerable improvement. Of 57 ranks (19 factors ranked in each of the three categories for a total of 57), 2012 ranks included eight (8) in the top third of participating universities; 34 in the middle third; and 15 in the bottom third. Last year, there was only one (1) factor ranked in the top third; 13 in the middle third; and 43 in the bottom third. In five factors, UH's mean was higher than the average mean for the Select 6, Carnegie Class and All Institutions;

- last year, only one factor was higher. Two of the five were major indicators (overall factors).
- f. The Assessment team conducted the following additional assessment measures:
 - i. Exit Survey
 - ii. Comment Cards
 - iii. RA Self-Assessment
 - iv. RA Performance Evaluation
 - g. Began work on a Secret Shopper program that will be implemented in Fall 2013.
 - h. Began work on a multicultural competency survey.
 - i. Operationalized the assessment plan due to the Division of Student Affairs and Enrollment Services in August.
20. Increased collaboration with campus partners, including Counseling & Psychological Services, International Student Service Office, Athletics, Student Life, and Wellness, to name a few.
21. Spring 2013 occupancy was at 92% overall, up 2% from Spring 2012.
22. More students lived on campus during Summer 2013 than during Summer 2012.
23. Hired eleven new staff members. Two were replacement positions, and nine were new positions.
24. Hired three new Faculty-In-Residence.

Section 6

Utilization Reports

Occupancy Report:

Official occupancy for Fall 2012 was at 97% for UH-managed housing, 99% for the partnership housing, and 96% overall (see occupancy report, Appendix 2). This is an increase over last year, when the occupancy percentages were 94% for UH managed housing, 99% for the partnership housing and 94% overall. (For six-year trends in occupancy, see Appendix 6.)

Official Spring occupancy was at 92%, 2% above Spring 2012 occupancy. (See Appendix 3 for more information.)

During the Summer, Calhoun Lofts and Settegast in the Quadrangle were open for summer residents. Since last year part of Moody Towers was the second open facility with a different number of beds available, it is difficult to compare percent of occupancy. However, in actual numbers of students living on campus, the combined total of the number of summer residents has consistently exceeded last year by 50 to over 100. (See Appendix 4 for the July 31 occupancy report).

As of July 31, 2013, SHRL was at 78% occupancy for Fall 2013. That represents 573 more residents than last year at this time. For overall occupancy (including the partnership properties), Housing is at 81% occupancy, which is 481 more residents than this time last year. (See Appendix 5 for more information.)

Rentable Spaces:

Fall 2012, Student Housing & Residential Life entered into a space utilization agreement with the University Center in order to assist them with student/Greek organization space requests while they undergo renovations. The agreement states that Student Housing & Residential Life will allow student groups to utilize our spaces at no charge, just as they would do at the University Center. Charges for equipment and set up would remain, and the department collected approximately \$1,000.00 in revenue from this practice. Student Housing served 38 student groups who utilized spaces within our facilities.

The Language & Culture Center rented selected spaces once again for their ESL classes. Their room usage included the OB Ballroom, OB 3A & 3B, the Moody Towers Aerobics Room, and six small classrooms located in the basement of Law Hall. Revenue generated from this agreement totals approximately \$15,000.00 per semester. LCC accounts for most of the room rentals within Student Housing & Residential Life facilities, excluding our own department use.

For Spring 2013, space utilization and income remained the same.

Classes in SHRL Spaces:

Four rooms in Cougar Village I (CV) were utilized for classes during the Fall 2012 Semester, CV 105, 106, 112 and 115. There were 57 classes (sections) offered on 20 different topics from 11 different departments. The classes offered were:

- American West to 1848 (HIST 3307)
- Asian American Cultures (CUST 4300)
- Chicano History to 1920 (HIST 3332)
- College Success (CORE 1101) – 33 sections
- Enlightenment Stories (HIST 4338)
- Honors Selected Topics (HON 4397) – two sections
- Houston Since 1836 (HIST 3327)
- Introduction to Cultural Anthropology (ANTH 2307)
- Introduction to Liberal Studies (ILAS 2350) – two sections
- Modern France Since 1870 (HIST 3352)
- Problem Solving in Organic Chemistry I (CHEM 3131) – three sections
- Problem Solving in Organic Chemistry II (CHEM 3132)
- Second-Year Italian II (ITAL 2302)
- Selected Topics in Religious Studies (RELS 3396)
- Selected Topics in Computer Culture Studies (CCS 2394)
- Selected Topics-United States History (HIST 4394)
- Selected Topics in Anthropology (ANTH 4394)
- The US Since 1877 (HIST 1378)
- The US to 1877 (HIST 1377) – two sections
- US & Texas Constitution/Politics (POLS 1336).

During the Spring semester, 26 classes (sections) were offered in Cougar Village I on 14 different topics from eight different departments.

- British Empire Since 1500 (HIST 3355)
- College Success (CORE 1101)
- First Year Writing I (ENG 1303) – five sections
- First Year Writing II (ENG 1304) – seven sections
- A History of Histories: Capstone Course on Historiography (HIST 4336)

				Total:	\$34,514.85	\$69,029.69

Urban Experience:

The Urban Experience Program is located in Oberholtzer Hall on the second floor. This program provides support services and opportunities for educationally and economically underserved students. This program serves approximately 100 students. In addition to office space, they make use of the OB Conference Room and occasionally, the OB Ballroom or Multipurpose Room. This is a partnership arrangement, in which the program does not pay for the spaces they use. The estimated costs SHRL incurs for the space per semester amounts to \$596.43 (maintenance, operations, utilities, debt service). For the whole year, it amounts to \$1,590.49. This contribution to Student Affairs and Enrollment Services is detailed below.

Room/Description	Sq. Ft	Cost Per Sq., Ft.	Academic Year Cost	Admin Fee (6%)	Semester Total	Academic Year Total	Total Year Cost
Room 250	278	\$5.40	\$1,125.34	\$90.03	\$596.43	\$1,192.86	\$1,590.49

UH Forensic Program:

In December 2012, the UH Forensic Program moved into Oberholtzer Hall on the first floor. The participants in this program not only compete in local, regional and national forensic competitions, but they also provide support and serve as judges to local elementary, middle and high schools to better their forensic programs. They currently have 110 members. This is a partnership arrangement, in which the program does not pay for the spaces they use. The estimated costs for the space in December amounted to \$253.16 (maintenance, operations, utilities, debt service). For the entire time from December through July, the cost was \$1,930.39. This contribution to Student Affairs and Enrollment Services is detailed below.

Room	Sq. Ft	Cost Per Sq., Ft.	Academic Year Cost	Admin Fee (6%)	Cost for December	Semester Total	June & July Total	2012-2013 Total Year Total
Room 102	531	\$5.40	\$2,149.49	\$128.97	\$253.16	\$1,139.23	\$506.32	\$1,930.39

Tutoring in SHRL Spaces:

A suite of offices in Cougar Village I is being used by Learning and Assessment Services (LAS) for tutoring and workshops. These services are available to both residents and non-residents. During the Fall semester, 532 individual resident undergraduate students sought tutoring, some of them multiple times. Additionally, 158 individual resident undergraduate students attended one or more workshops. This is up

from last year. Particular breakdowns of resident student use and comparison to last year are in Appendix 7.

SHRL pays the maintenance, operation and utilities for these areas, which include the offices and three classrooms, and currently does not charge. SHRL's estimated contribution to Academic Affairs for these spaces is estimated at \$30,696.00 per semester. The cost for the whole year is \$8,1856.00, as detailed below.

	Sq. Ft.	Cost Per Sq. Ft.	Academic Year Cost	Admin Fee (6%)	Academic Year Total
N109 LSS Tutoring Center	2,786	\$18.30	\$36,910	\$2,786	\$49,213

Oberholtzer Kitchen:

Although the Oberholtzer (OB) Dining Room closed this semester, the OB kitchen is still being used by UH Food Services as a catering kitchen since the UC kitchen is closed for remodeling. They will remain in OB until the UC reopens in January 2014. This represents an estimated contribution to Auxiliary Services of \$19,624.35 per semester, detailed below.

Room/Description	Sq. Ft	Cost Per Sq., Ft.	Semester Total	Academic Year Total	Admin Fee (6%)	Total Annual Cost	
Room 115 (Catering Line)	762	\$5.40	\$1,634.83	\$3,269.65	\$246.77	\$4,369.54

Housing Tours:

Housing Tours were conducted both individually and in groups throughout the Fall semester. The number of tours and participants are as follows:

2012-2013 Tour Tally				
Semester	Number of Tours	Number of Prospective Residents	Number of Parents	Total Number Toured
Fall	92	687	115	802
Spring	401	3,140	41	3,181
Summer	156	1,331	40	1,371
Total	649	5,158	196	5,354

RA Fall (August) Training:

During Fall 2012, there were 105 RAs and Senior RA staff members. Of those, 49 (or 46.7% of the total staff) were new. As a comparison, here are the numbers of new and returning RA's and Senior RA Staff for Fall 2011 and Fall 2010.

<u>Numbers of New & Returning RA's & Senior RA Staff</u>				
Semester	Total # RA's & Senior RA Staff	# Returning	# New	% New
Fall 2012	105	56	49	46.7%
Fall 2011	112	43	69	61.6%
Fall 2010	103	43	60	58.3%

RA Intentional Interaction Model and Programming:

We are in the second year of implementing an 'intentional interaction model' for how RAs interact with their residents. Rather than traditional residential life programs where RAs sponsor a few programs a month, sometimes based in specific topic requirements, the goal for RAs at UH is to build intentional relationships with their residents helping them connect to each other, our staff, and the institution. Overall, RAs averaged approximately 70-80 intentional interactions with their residents each month, with "intentional" defined as a meaningful dialogue where information is shared and/or learned between two individuals (RA and resident). It is safe to say that with our 105 RAs, our Residential Life paraprofessional staff intentionally interacted with residents approximately 22,050 times over the Fall 2012 semester. Interaction appears to have lessened somewhat during Spring 2013. We will be exploring the reasons for that in order to improve next year.

The RA Council will be processing through how to compile and synthesize the results of over 500 pages of data collected during the Fall 2012 semester related to this intentional interaction model. The RA Council will be working with the Department Assessment Committee to determine the best way to analyze this information.

Overall during the Fall, our student staff hosted 157 programs with about 9,916 attendees. During the Spring, they hosted 177 programs with over 4,029 people attending.

First-Year Residential Experience (FYRE)

This program serves all First-Year students and provides a number of supportive programs to contribute to their success. These included (combined Fall and Spring):

- Cougar Nights
- Welcome and First-Year Meet and Greet
- Study Buddy Meet and Greet
- Wednesday Night Study Nights
- Weekly Meet-ups to attend campus programs (lectures, SPB events, sporting events)
- Finals Study Nights (December 11-21)
- Iron Chef : Smoothies
- It's Not Easy Being Green
- NCAA Tournament Watch Party
- FAFSA Help Session
- Career Services Resume Critiques
- Career Services Grad School Prep
- Dog Therapy Stress Relief
- SHRL Carnival

Faculty-In-Residence (FIR)

The FIRs were very active and involved in residential activities including (combined Fall & Spring):

- Welcome Week
- Ice Cream Social
- Night at the Opera
- LSS Comes to the Quad
- Study Abroad
- Your Future is Near
- *Django Unchained & Lincoln* – A Film and Historical Discussion
- Debate activities
- Game nights
- Dinner in the FIR's residence
- Help interviewing Program Coordinator Candidates
- Monthly staff meetings with the Assistant Director

Living/Learning and Themed Communities

Plans are being made for a number of Living-Learning and Themed Communities next year. These include signed Letters of Understanding with departments or particular faculty, as well as input from various campus partners. SHRL defines Living-Learning communities as a housing area where individuals live together and participate in a curricular/academic component together. Our staff will host and/or support programs that are connected to these curricula (i.e., academic 'for credit' classes, same/similar majors, or an academic program). Theme communities are defined as a community where individual living together have similar backgrounds and/or interests and these communities are open to all students in all majors.

Living-Learning and/or Themed Communities will be located in Cougar Village I, Cougar Village II, Cougar Place, Moody Towers, the Quadrangle and Bayou Oaks. Community

sizes will range from 28 to 206, for a total of 1,484 beds dedicated to Living-Learning and Themed Communities. Appendix 8 shows a table that reflects where Living-Learning or Themed Communities will be placed next year, what type of Living-Learning or Themed Community they are, and how many bed spaces we hope to fill per community.

Work Orders:

Plant Ops initiated a new work order tracking system, FAMIS, this semester. Since September 6, 2012, there were 3,998 work orders completed for these areas. Below is a summary of the work orders related to the residence halls. The remainder of the work orders are for Food Services, grounds or other general areas.

	Submitted	Completed
Electrical	84	74
Elevator	47	46
HVAC	312	173
Lock Shop	282	266
South Zone Custodial	38	30
South Zone Maintenance	743	692
Moves	21	6

Summer (August 2012) Conferences:

The Conference season typically runs the June through the first week of August. Four conference groups continued into August, serving 208 attendees. See Appendix 9 for more information.

Summer 2012 Conferences Income:

Final figures for summer conference income were tallied during the Fall semester. Overall, we served 4,147 guests, and summer conferences brought in \$1,051,034.27 to the University. Some of this money went for linen, lost keys, meals and parking. Below is the Summer Conference Income Summary. For additional information, please see Appendix 10.

Summer Conference Income Summary						
Total # of Guests	Gross Income	Total Housing	Total Administrative Fees	Total Space & Equipment	Total to Other Departments	SHRL Net Income
4,147	\$1,051,034.24	\$593,845.00	\$ 3,320.00	\$ 17,375.00	\$ 436,494.24	\$ 614,540.00

Guest Housing

SHRL is now housing guests throughout the year in rooms reserved for that purpose in Oberholtzer Hall and Calhoun Lofts. From August through December, SHRL hosted two conference groups and 20 individual guests. A summary of guest housing is located in Appendix 9.

Summer Conferences 2013

Beginning May 17 and running through August 12, SHRL hosted 64 groups from 38 organizations in the residence halls. Length of stay ranged from one to 70 nights, with a total of 758 nights stayed. Expected group size ranged from one to 500, with a total of 6,617 people expected. Ages of the participants ranged from eight through adult. Six groups began their stay in June or July, but remained into August; three more had their stay wholly in August. Final guest counts and income are not yet available. However, see Appendix 11 for a list of the groups, length of stay, and expected group size.

Section 7

Assessment Projects

During Fall 2012, SHRL continued the process of developing a concerted assessment program for the department. To build on the department Assessment Committee, an assessment committee consisting of RAs was developed and both committees (one professional and one student staff) work together to implement our department assessment plan.

The assessment projects conducted during the Fall semester included the following:

- EBI (Educational Benchmarking, Inc.) Survey – This is the second year SHRL has participated in this nation-wide survey that allows university housing departments to evaluate their own departments, as well as benchmark against other universities.
 - The survey itself was administered in November 2012.
 - Comparison data to benchmark against other universities became available in July.
- RA Self-Assessment – Through Campus Labs, RAs filled out a self-assessment where the results went directly to RLCs for the purpose of creating performance evaluations.
 - The first RA Self-Evaluation was first administered in December 2012.
 - The second one went out at the end of April 2013.
- RA Performance Survey – This short survey regarding RA performance was sent to all residents through Campus Labs.
 - The first survey went out in December 2012.
 - The survey was administered a second time at the end of April 2013.
- Exit Survey – This assessment is to every resident who does not return to housing the following semester through Campus Labs.
 - This survey was sent to all former residents who did not return in Fall 2012 over the summer and through September.
 - In January, the survey was sent to all of those who were residents in the Fall, but did not return in the Spring.
- RA Training Evaluations – The RA Training & Development Committee conducted five different self-evaluation assessments during Fall RA training to determine to what level RAs were learning and applying skills, knowledge, and abilities learned during training.
- Comment Cards – Hard copy comment cards regarding tours and SHRL services are available at all of the main desks. The SHRL comment card is also available online. Comment cards are an ongoing assessment effort.

For results of these assessment efforts, see the next section.

Section 8

Assessment Highlights

EBI Survey

The EBI is a national survey that has been used since 1994. The EBI partners with national professional organizations such as ACUHO-I, NASPA, ACPA and CAS, and measures data against professional standards. The EBI consists of 103 standard questions, and allows for 20 institution-specific questions.

Most of the questions are answered on a seven-point Likert scale, and the goal is to get an average of 5.5 or better on each factor. A score of 5.25 to 5.5 is considered “close,” but still in need of improvement or monitoring. Any score below 5.24 means that the item being assessed “needs improvement”. There are nineteen factors, plus twenty institution-specific questions. The nineteen factors are:

1. Satisfaction: Hall/Apt Student Staff
2. Satisfaction: Hall/Apt Programming
3. Satisfaction: Room/Floor Environment
4. Satisfaction: Facilities
5. Satisfaction: Services Provided
6. Satisfaction: Room Assignment or Change Process
7. Satisfaction: Safety and Security
8. Satisfaction: Dining Services
9. Learning: Fellow Residents are Tolerant
10. Learning: Fellow Residents are Respectful
11. Learning: Sense of Community
12. Learning: Personal Interactions
13. Learning: Diverse Interactions
14. Learning: Manage Time, Study, Solve Problems
15. Learning: Personal Growth
16. Satisfaction: College/University
17. Overall Satisfaction
18. Overall Learning
19. Overall Program Effectiveness

2012 EBI Results

As a result of professional and paraprofessional staff efforts across the department over the Fall 2012 semester, the EBI administered in Fall 2012 showed considerable improvement. On two of the three overall factors, Overall Resident Satisfaction and Overall Learning, we made it into the “close” range. On all of the factors, we scored above the 5.0 mark. We made the 5.5 goal on four factors:

- Satisfaction: Hall/Apt Student Staff
- Learning: Fellow Residents are Tolerant
- Learning: Diverse Interactions
- Satisfaction: College/University

We were in the “close” range on seven others:

- Overall Satisfaction
- Overall Learning
- Satisfaction: Safety and Security
- Learning: Fellow Residents are Respectful

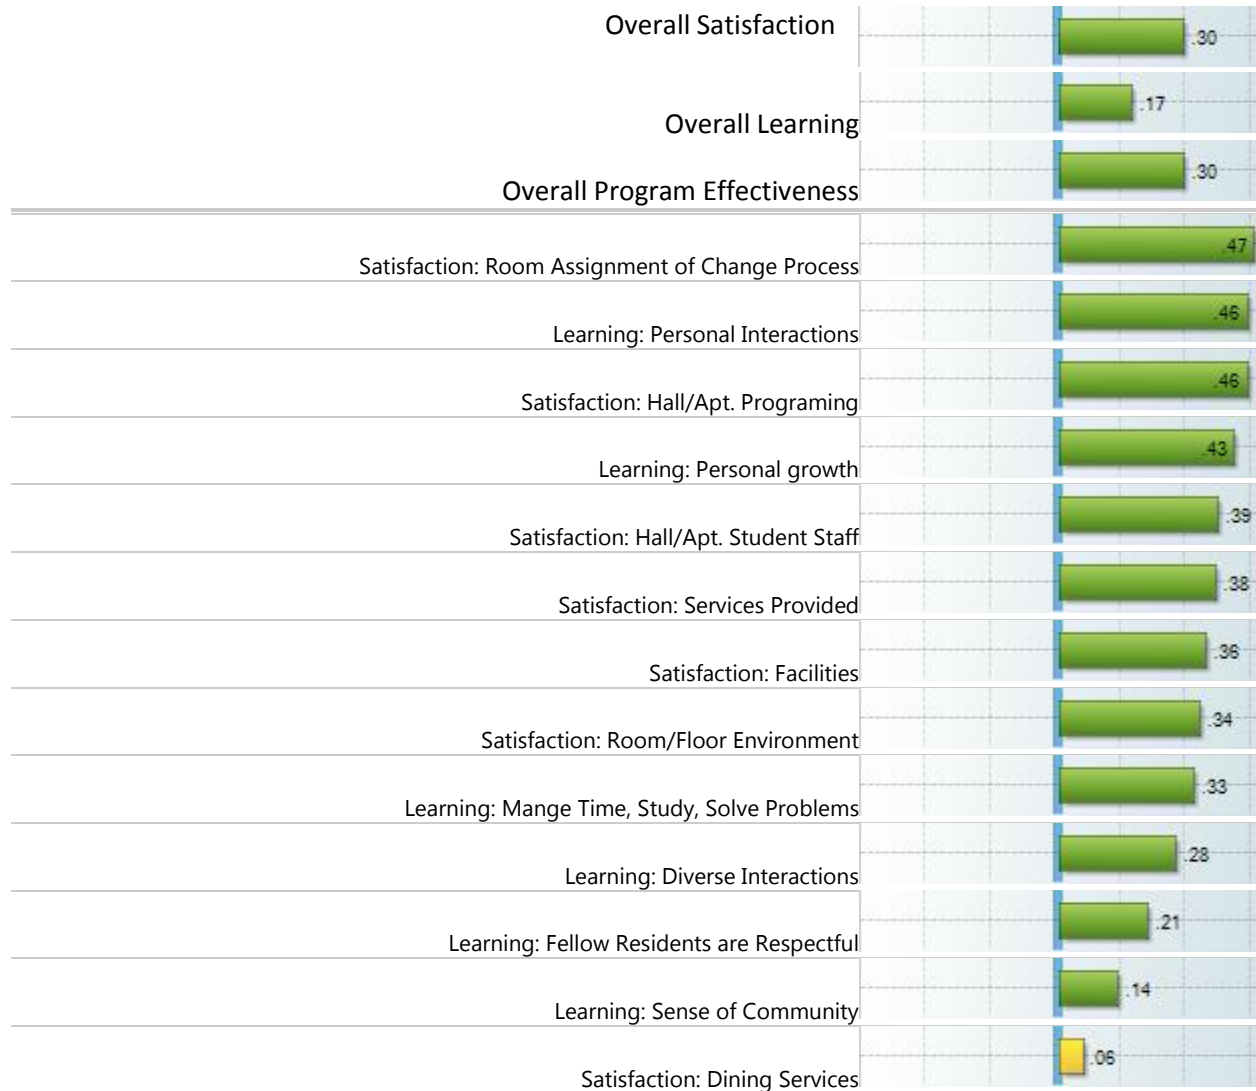

- Learning: Sense of Community
- Learning: Personal Interactions
- Learning: Personal Growth

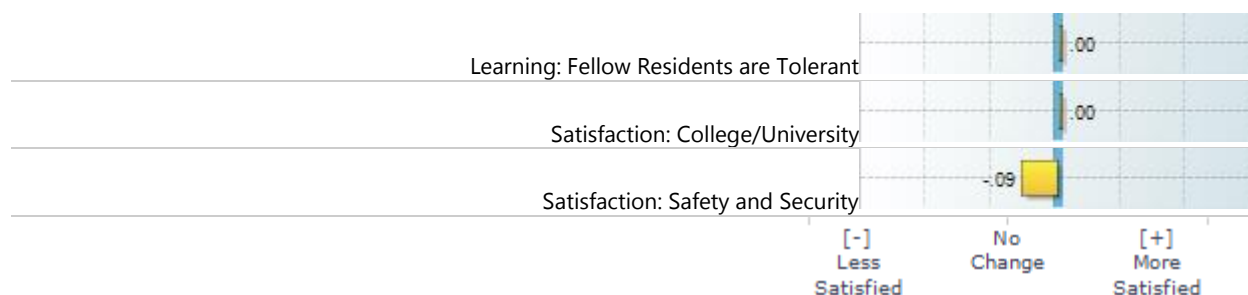

Compared to last year, we showed statistically significant higher scores on 15 of the 19 factors. On one factor, Dining Services, we showed improvement, but it was not statistically significant. On two items, Learning: Fellow Residents are Tolerant (5.76) and Satisfaction: College/University (5.54), there was no measurable change in score, but both measures were already above the 5.5 goal. On one measure, Safety and Security, the score decreased, but the change was not statistically significant. A graphic display of these changes is below:

Change from Last Year by Factor

Chart Colors Legend

- = This year's Factor mean is statistically higher than the mean in 2012.
- = This year's Factor mean differs to the mean in 2012, but the difference is not statistical.
- = This year's Factor mean is statistically lower than the mean in 2012.

For a complete look at the changes, see Appendix 12.

The response rate for the EBI increased from last year. This year, the survey was sent to all residents, and there was a 40.4% response rate; last year, it was only sent to 80% of the residents, and there was a 25.7% response rate. Below is a table showing the response rate in each area.

Code	Residence Hall	2012 EBI Participation Rates			2011 EBI Participation Rates		
		Total # of Residents Submitted (100%)	Actual Participation	Actual Participation Rate	Total # of Residents Submitted (80%)	Actual Participation	Actual Participation Rate
1	Calhoun Lofts	925	208	22.5%	726	179	24.7%
2	Moody Towers North	515	323	62.7%	434	122	28.1%
3	Moody Towers South	515	259	50.3%	454	88	19.4%
4	Cougar Village Lower	589	243	41.3%	516	124	24.0%
5	Cougar Village Upper	546	269	49.3%	483	172	35.6%
6	Quadrangle	770	257	33.4%	674	159	23.6%
Totals	All Halls	3,860	1,559	40.4%	3,287	844	25.7%

The Assessment Committee and RLCs used a variety of strategies to accomplish the increased response rate. These included:

- Reminder emails that included actions taken in response to surveys last year
- Slides on the digital monitors that included responses to specific complaints
- Prize giveaways for respondents
- Survey completion parties
- Poster campaigns
- Tables supplied with laptops were stationed near the service desk and residents passing by were asked to complete the survey on the spot. The hall that used this method had a 62.7% response rate.
- The Administrative Assistant for Assessment talked to some of the RA groups about the importance of assessment.
- Competition between groups of RAs and between halls
- Prizes such as release from certain duties were offered to staff members

This turned out to be an excellent community-building exercise. RLCs, RAs and residents got involved and were interested in the results of the competition. Many contacted the Administrative Assistant for Assessment directly for information on how their area was doing or requesting the service link.

2012-2013 Comparison to Other Universities

In addition to improving our institution scores, we also improved our rankings when benchmarked against other institutions. The samples for each group changed somewhat since different institutions participated in 2012-2013 than may have in 2011-2012. Four of our Select 6 remained the same (Texas Tech, Temple University, University of Cincinnati and University of Oklahoma), but University of Texas-Austin and Arizona State University did not participate. Therefore, we substituted University of Texas-Arlington and George Mason University. Whereas last year, 42 of our Carnegie Class universities participated; this year, 46 participated. Whereas last year, 274 total institutions took the test; this year, it was 250 total institutions.

To summarize how the rankings changed, we divided the samples into thirds and count the number of rankings that fell into each third (upper, middle and lower). The ranges for the Carnegie Class universities and All Institutions varied slightly because of the different sample sizes. Whereas in 2011-2012, most of our rankings fell into the lower third of the rankings, in 2012-2013, most of the rankings fell into the middle third of the rankings. In 2011-2012, we had only one All Institution ranking in the upper third. In 2012-2013, we had two in the upper third of the Select 6; four in the upper third of the Carnegie Class; and two in the upper third of All Institutions. Below is a table summarizing the rankings, and a second table showing the ranking ranges for each category each year. See Appendix 13 for a factor-by-factor comparison, including this year with last year.

Summary of How EBI Factors Ranked								
	Upper Third		Middle Third		Lower Third		Totals	
	2012	2011	2012	2011	2012	2011	2012	2011
Select 6	2	0	12	6	5	13	19	19
Carnegie Class	4	0	10	3	5	16	19	19
All Institutions	2	1	12	4	5	14	19	19

Note: There are seven ranks for the Select 6 because it includes UH. The rank ranges for the Carnegie Class and All Institutions vary from year to year because the size of the samples varies. Below is a table with the ranges for each group.

Ranking Ranges								
	Upper Third		Middle Third		Lower Third		Totals	
	2012	2011	2012	2011	2012	2011	2012	2011
Select 6	1-2	1-2	3-5	3-5	6-7	6-7	1-7	1-7
Carnegie Class	1-15	1-14	16-30	15-28	31-46	29-42	1-46	1-42
All Institutions	1-83	1-91	84-166	92-182	167-250	183-274	1-250	1-274

It appears that the improvements we made had an effect. These improvements were over one year's time. However, our goal remains to get all factors over the 5.5 goal mark. We will continue explore ways to improve our program.

RA Performance Survey

In December, a short survey was sent via Campus Labs to all residents regarding their RA's performance, designed to supplement the questions posed in the EBI Assessment. It was sent out again in April. There was a 20.59% response rate in the Fall, and a 21.84% response rate in the Spring. Below is a comparison of the scores:

RA Performance Survey								
Question My RA:	Strongly Agree or Agree		Neutral		Disagree or Strongly Agree		Not Applicable	
	Fall	Spring	Fall	Spring	Fall	Spring	Fall	Spring
Made me aware of services on campus.	72.9%	64.2%	14.6%	19.3%	15.5%	16.5%		
Made me aware of leadership opportunities on campus.	57.8%	53.7%	19.9%	23.2%	20.9%	23.1%		
Helped me establish relationships within my residential community.	59.2%	54.5%	19.9%	22.8%	20.9%	22.7%		
Helped me establish relationships with UH campus partners outside the residential community.	49.6%	43.3%	27.9%	28.5%	25.5%	28.1%		
Developed a friendly, open community that has allowed me to build meaningful relationships.	68.8%	61.5%	16.2%	20.0%	15.0%	18.5%		
Has dealt with situations/incidents within the residence halls in a professional manner.	79.0%	73.6%	14.7%	15.2%	6.3%	11.1%		
Has made me aware of where I need to go in the event of a building evacuation.	87.9%	84.5%	6.1%	8.7%	6.1%	6.8%		
Has made me aware of events and/or programs on campus.	71.9%	68.2%	13.1%	14.1%	12.8%	10.6%	2.1%	3.3%
Has effectively mediated a situation where I was in conflict with a community member/roommate.	32.4%	31.3%	15.5%	12.4%	5.7%	7.5%	46.4%	49.9%
Helped me reach a compromise with an opposing party.	31.3%	30.6%	16.6%	12.4%	4.7%	7.2%	47.3%	49.9%

The survey asked the resident's location and RA's name, so we will be able to review residents' perception of a specific RA's performance. This will help to identify strengths and areas of concern in RA performance. However, for the most part, it does not

appear that the desired program outcome was achieved. For scoring, “Strongly Agree” and “Agree” were combined, as were “Strongly Disagree” and “Disagree”. The “Agree” combination was above 50% on nine questions, but the goal for this combination should be at least 70%. This goal was met only on the questions regarding RA professionalism and on emergency procedures. In addition, there was a decline in the “Agree” combination in all measures that also appeared on the Fall survey. In seven out of 10 measures, the decline was statistically significant. After the Fall scores were examined, one would expect that RA’s would increase their efforts. Instead, it appears that RA’s had less interaction with their residents.

Overall, SHRL will need to explore the reason(s) for the decline in survey results between the two semesters. Actions taken include:

- Supervisors followed up with RAs during 1-1 meetings in May, reviewing performance over the semester and residents’ perceptions based on data from this survey.
- The data collected will be utilized by the Training & Development committee as they plan Fall RA Training in August, Winter Training in January, and the schedule of in-services to occur throughout the Fall semester. Based on these results, more focus will be placed on in-services and Winter Training to ensure RAs are still connecting with residents over the Spring semester and actively connecting them to each other and the institution.
- The new Associate Director for Residential Life and RLC team will explore the current Intentional Interaction Model and seek ways to increase ongoing support for RAs to connect with residents – during both Fall and Spring semesters.
- The Assessment & Evaluation Committee, in conjunction with the department Assessment Committee, will explore ways to further understand residents’ perceptions of their RAs’ performance during the Spring semester.

RA Fall Training Assessments

For RA Fall Training this year, we assessed the RAs understanding of knowledge and skills five times. The goal was to assess what RAs learned during training. Many of these assessment questions would be utilized again during the RA appraisal process in November and April (2013) to demonstrate what information RAs were learning and then applied to their positions. Overwhelmingly, RAs responded to these assessments and their responses indicate they learned a tremendous amount of information during training.

RA Self-Evaluations

This year, the RA Assessment & Evaluation Committee designed a self-assessment tool for RAs to complete that is based on the RA position description. RAs completed this assessment in December, with results being provided to RLCs, who would incorporate this information into the official department RA evaluation. It was administered again at the end of April.

Most of the respondents were able to answer the questions. There was some confusion of terms and places, such as confusing services offered by SHRL and services offered by other departments, and confusing a department with a service or event. The number of people who answered the questions, and answered them with correct answers, declined as the survey continued. Most of the respondents indicated that they were satisfied with their RA experience. However, answers regarding their committee experience indicated that there was confusion on the purpose, goals and structure of the committees.

The survey itself, while it did ascertain how much RAs recalled from their training, it may not have measured what we wanted to measure. We will reevaluate this survey to determine if we can devise a better instrument to better evaluate RA performance.

Comment Cards

Starting June 2, 2012, comment cards and boxes were distributed to the various service desks in each facility. There are two types of cards: one relates to the tours and the other allows comments or suggestions on any area of SHRL. The tour cards ask about the student's likelihood to live on campus after the tour. All of the tour cards returned to date have rated the tours as excellent or good. Below is a table indicating students' intentions of living on campus after the tour and in comparison with results from the summer. Please note that during the summer, there are more tours due to Orientation.

Housing Tour Comment Cards							
Likelihood to Live on Campus after Tour							
Time Frame	Absolutely Yes	Maybe Yes	Neutral	Maybe No	Not at All	No Answer or N/A	Total
January 1-July 31, 2013	25	7	3	0	0	3	38
August 1-December 31, 2012	22	8	1	0	0	4	35
June 2-July 31, 2012	79	25	11	2	2	9	128
Total	126	40	15	2	2	13	201

The comment card initiative is part of SHRL's intention to invite suggestions, comments, concerns or compliments. These comment cards will be used to improve customer service. The comment card was also available online through Campus Labs starting in December 2012. The cards were divided into three categories:

- Positive – a compliment or positive comment on service or people.
- Neutral – generally, a suggestion or idea.
- Negative – a complaint or negative observation.

A breakdown of the comments by type is below:

Comment Cards				
Time Frame	Positive	Neutral	Negative	Total
Online January 1, -July 31, 2013	1	1	6	8
January 1-July 31, 2013	0	0	2	2
Online December 2012	2	0	3	5
August 1-December 31, 2012	9	3	6	18
June 2-July 31, 2012	7	1	3	11
Total	19	5	20	44

We will continue to monitor the comment cards and online, as they will provide a valuable and immediate feedback tool for our residents and their families. We are working on ways to make the comment process more visible.

- Staff members are being encouraged to add a link to the online Comment Card to their electronic email signatures.
- We are looking at a way to integrate the website contact mechanism with the Comment Card function.

In addition, we are developing protocol for ensuring that comments get routed to the appropriate people.

Exit Survey

Starting December 2011, SHRL began sending an exit survey to all residents who did not return to housing the following semester. These surveys may help to provide insight into why residents are not returning, and if it is for reasons other than leaving the university. The survey has gone out three times now; once after the end of the Fall 2011 semester, once after the Spring 2012 semester, and once after the Fall 2012 semester. The chart below shows where the former residents were living after leaving the university.

Where Former Residents Will Live								
	With Parents		Another University		Off Campus		Other	
	#	%	#	%	#	%	#	%
Left After Fall 2011	13	65.00%	1	5.00%	4	20.00%	2	10.00%
Left After Spring 2012	17	26.76%	2	3.03%	36	54.55%	11	16.67%
Left After Fall 2012	3	18.75%	1	6.25%	10	62.50%	2	12.50%

The following chart documents responses when students were asked if they considered themselves an important part of the UH or residential community:

Former Residents self-reported data on "feeling Part" of the Community

	Agreed	Neutral	Disagreed	Agreed	Neutral	Disagreed
Left After Fall 2011	15.00%	25.00%	60.00%	35.00%	25.00%	50.00%
Left After Spring 2012	19.70%	36.36%	41.94%	37.88%	30.30%	31.82%
Left After Fall 2012	25.00%	31.25%	43.75%	25.00%	31.25%	43.75%

These numbers emphasize the need for all Student Housing & Residential Life staff, as well as university faculty and staff members, to emphasize relationship building and resident engagement.

The Exit Survey for those who did not/will not return after the Spring semester has not been done yet. We expect to administer it in September.

We are further refining our assessment tools and processes, as we will be working with Marketing to add an assessment page on the SHRL website where we will include results and actions taken based on those results. Currently, the digital displays located throughout the residential communities display 11 of changes made based on feedback. In addition, we will continue working on the 2012-2013 department assessment plan we have submitted to the Division of Student Affairs, as well as other assessment items that may rise over the course of the upcoming year.

Section 9

Areas for Continuous Improvement

Student Housing & Residential Life has undergone a great deal of change over the past year and a half. SHRL expects this changing process to continue during the foreseeable future as we frame, formulate and codify our processes and procedures. To that end, we have identified the following opportunities for growth and critical issues to be considered and resolved.

Growth and Opportunities

- 1) **Assessment Initiatives (Taking assessment to the next level)**
 - Provide basic assessment training for staff.
 - Develop Learning Outcomes.
 - Follow through on the assessment plan submitted to the Division of Student Affairs.
 - Incorporate assessment measures into more aspects of SHRL operations and activities.
 - Create an assessment page for the SHRL website.

- 2) **Department Staff**
 - Develop a greater sense of team and continue building morale.
 - Install a culture of greater customer service in the department.
 - Fill vacant positions.
 - Foster staff ownership into the bigger picture/issues of the department, division and university.
 - Improve overall communication and public relations.
 - Increase University collaboration.
 - Create professional development opportunities (developing a needs assessment and create initiatives to address them).

- 3) **Department Transition (creating, clarifying, updating, communicating and standardizing department procedures/policies)**
 - Review job roles with entire department.
 - Continue to standardize desk processes and policies.
 - Ongoing Passport/Housing Office Development:
 - Adding a Conference Module.
 - Develop a way to track First-In-Family, Transfer, International, First-Time-In-College and other particular residents by interfacing with PeopleSoft.
 - Add features that allow students to change their room prior to move-in.

- 4) **Incorporate the new Cougar Place, Cougar Village II and Bayou Oaks residential complexes into the main campus housing system**
 - Application/assignments/marketing.
 - Back-end business processes.
 - Staffing structure.

- Residential education model.
 - Greek Life considerations.
- 5) Increasing Intentional Student Success Effectiveness
- Continue implementing a strategic and intentional First Year Residential Experience (FYRE) program.
 - Review and improve Faculty-in-Residence program.
 - Develop a Second Year Residential Experience (SYRE) program.
 - Continue development of Living Learning/Theme Communities.
 - Increase partnering with Academic Affairs.
 - Implementing new Community Standards and Conduct Process with the DOS office.
 - Address the particular needs of special student populations (LCC, international, optometry, etc.).
 - Enhance and improve the FYRE program (including developing an early arrival program).
 - Promote student leadership opportunities (Hall Councils, RHA, desk workers, conference staff, etc.).
 - Continue building upon the RA Intentional Interaction (RA Programming) Model by supporting RAs in engaging students in meaningful conversations.
 - Consider implementing a rule that students need to take at least 12 undergraduate credits or six graduate/professional credits a semester to be eligible to live in SHRL housing.
 - Consider a residential academic registration deadline each semester to promote academic progress.
- 6) Occupancy
- Work with internal marketing personnel to develop needed communications pieces outlined in a marketing plan that is updated annually.
- 7) Fundraising/Constituent Involvement
- Create a dedicated donor fund.
 - Reach out to alumni and involve them in SHRL.
 - Collect housing alumni stories about their experiences living on campus and what it contributed to their lives.
 - Reach out to parents and families and involve them in SHRL.
- 8) Conferences
- Attract new groups for summer conferences.

Critical Challenges

- 1) Deferred Maintenance (addressing facilities concerns with severely aged and not well taken care of systems and while transitioning to a centralized facility plant model)
- HVAC.

- Plumbing (working).
 - Electricity.
 - Floods/Leaks.
 - Locks/Keys/Access.
 - Develop a plan to resolve ongoing deferred maintenance issues.
 - Pest control.
 - Assist Facilities and Operations staff members in following through on maintenance/custodial related issues and concerns.
- 2) Department Staff
- Finalize staffing structure with the addition of Bayou Oaks, Cougar Village II and Cougar Place coming on line in August 2013.
 - Professional development opportunities.
- 3) Occupancy (Student recruitment and retention to on-campus housing in the wake of significant issues)
- Significant facilities systems problems and aesthetic challenges.
 - A history of perceived poor service, response, and communication.

Student Governance

The Residence Halls Association (RHA) is the student governance organization for the residence halls. All residents are automatically members of RHA. Their organizational model consists of Hall Councils, which serve each floor; and the general RHA assembly. RHA elects officers, who room compensation for their services. The elected officers are:

- President
- Vice President, Internal
- Vice President, Special Events
- Secretary/Treasurer
- National Communications Coordinator

RHA provides representatives to University-wide committees:

- Food Service Advisory Committee (FSAC)
- Bicycle Safety Committee
- UC Policy Board
- Student Fees Advisory Committee (SFAC)
- Student Housing & Residential Life Advisory Committee (SHRLAC)

During Fall 2012, RHA conducted Hall Council elections online through Campus Labs. There was a separate ballot for each hall. The Hall Council areas are:

- Calhoun Lofts
- Cougar Village
- Moody Towers North
- Moody Towers South
- Quadrangle

The Hall Councils meet on a regular basis. RHA has a General Assembly meeting for all areas every other Tuesday evening at 7:00 p.m.

Other activities in which RHA participated or sponsored during the Fall and/or Spring include:

- Check in
- Weeks of Welcome Events during move-in (RHA volunteered at every event including Cat's Back, BBQ, Game Night, Party in the Park, PlayFair, Ice Cream Social)
- Campus Recreation and Wellness Center Night
- Movie in the Park
- Cougar Nights (volunteered at each event four Fridays from 7 p.m. to 12 a.m.)
- Zumba Zombie
- Beauty Bowl & victory party for Beauty Bowl
- Game Night
- Frontier Fiesta/Cougar Casino
- RHA Coffeehouse
- Five students, Lin Crowson and Alex Ries attended the Southwest Association of College and University Residence Halls (SWACURH) Conference in Oklahoma City.

Section 14
Budget/Fundraising/Grants

A. Issues and challenges with budgets

Student Housing & Residential is facing many issues and challenges in regards to budget due to extensive deferred maintenance, no pact emergency or contingency fund planning, and increasing departmental service due to new construction. Challenges include:

- Expansion, adding two new facilities and taking over the management of one existing facility.
- The need for capital improvements.
- An increase in debt service.
- Increasing occupancy rate with the new facilities online.

Student Housing & Residential Life anticipates having negative cash flow for FY 2013. Student Housing & Residential Life continues to look for opportunities to increase cash flow, as well as opportunities to decrease costs.

B. Fundraising/Grants

i. Established:

Student Housing & Residential Life has currently no established fundraising or grant initiatives ongoing.

ii. Initiated:

Student Housing & Residential Life has initiated work on the Stories Project. This is a project to capture the memories of housing alumni about their experiences living on campus. It will serve both as an archive and a way to connect with alumni so that at some point, they may be approached about possible donations. Videos are being created to be used for development and to encourage students to live on campus.

iii. Desired:

Student Housing & Residential Life desires to explore fundraising and grant initiatives, and sees the opportunity for such programs as the department grows. Specifically, SHRL is exploring the following:

- Establishing a dedicated SHRL donor fund.
- Linking to the donor fund on the website.
- Connecting with SHRL alumni.
- Exploring grant opportunities.

Initiating these opportunities could allow for additional capital to fund capital improvements and programing initiatives.

Appendix 1

Student Housing & Residential Life Profile

Student Housing & Residential Life serves approximately 6,000 students who live in seven distinct student housing areas that provide a comprehensive student services program. Moody Towers, Cougar Village I, Calhoun Lofts, and the Quadrangle area are owned and operated by Student Housing & Residential Life; Bayou Oaks is owned by the University, but run by a private company (American Campus Communities); Cambridge Oaks and Cullen Oaks are public/private partnerships with Campus Living Villages and American Campus Communities, respectively. In Fall 2013, Bayou Oaks management is assumed by Student Housing & Residential Life and two new facilities, Cougar Village II and Cougar Place, will open, adding nearly 2,000 more beds to the campus.

*Non-revenue-generating spaces are rooms used for Area Coordinators, Resident Assistants, Senior Resident Assistants, Faculty-in-Residence, rooms under maintenance and show rooms. **Last year's totals include Cougar Place, which is now closed.

**Student and Staff Beds are Base Beds minus Conference Beds. Conference Beds are revenue-generating beds, but may be intermittently occupied by overflow housing students, conference attendees, visiting professors or scholars, etc. Most of these beds have already been reserved/booked.

Note: There are still 7 students listed as "To Be Checked In" for Fall 2012.

Note: Some of Oberholtzer's conference beds are being used for temporary housing. The number of temporary beds being used equals the number of students occupying them, which is why the occupancy rate is reflected at 100%. As these residents are moved out of Oberholtzer, the rooms will go back to conference beds.

2012 EBI Results Summary

What is the satisfaction level with each of the three major indicators of satisfaction?

Population: University of Houston (Number Responding = 1559)

-  = Your institution has a higher mean than the goal (5.5).
-  = Your institution is within .25 of the goal (5.5).
-  = Your institution has a lower mean than the goal (5.5) by more than .25.

ACUHO-I/EBI Resident Assessment (Order: 26797)

Summary of Changes

- We showed improvement in all three major indicators.
- Last year, all major indicators were red (below the goal by more than .25); this year, 2 are yellow (within .25 of goal).
- We showed statistically higher improvement in 15 of 19 factors; improvement, but not statistical, in 1 measure; no change in 2 measures; and lower, but not statistical in 1 measure. The 2 measures where there was no change were both above the 5.5 goal.
- Last year, we had 2 green and 3 yellow out of 19 measures. This year, we have 3 green and 7 yellow.
- All factor scores were above 5.0 (last year, 11 factors were below 5).
