Accessing Employee Self-Service (PASS)

What's New?

The University of Houston System is upgrading our PeopleSoft HR environments with the latest technology released by Oracle. When you log in, you will see the Employee Self-Service homepage with tiles. Each of the tiles is interactive, making it easy for you to access and navigate the system. Many of the existing functions have been upgraded to be mobile-friendly. (Many more are coming soon!) For example, employees can submit absence requests from their phones, and managers can approve from their phone (or any mobile device).

Instructions in this document are based on accessing the system via a laptop or desktop computer. Accessing the application through a mobile device may change the layout of the tiles and pages.

Here's a legend for the tools you see on the header, top right:

(Home) Tap to return to the main PeopleSoft Home page

(Notifications) Tap to view actions and alerts in a notifications window

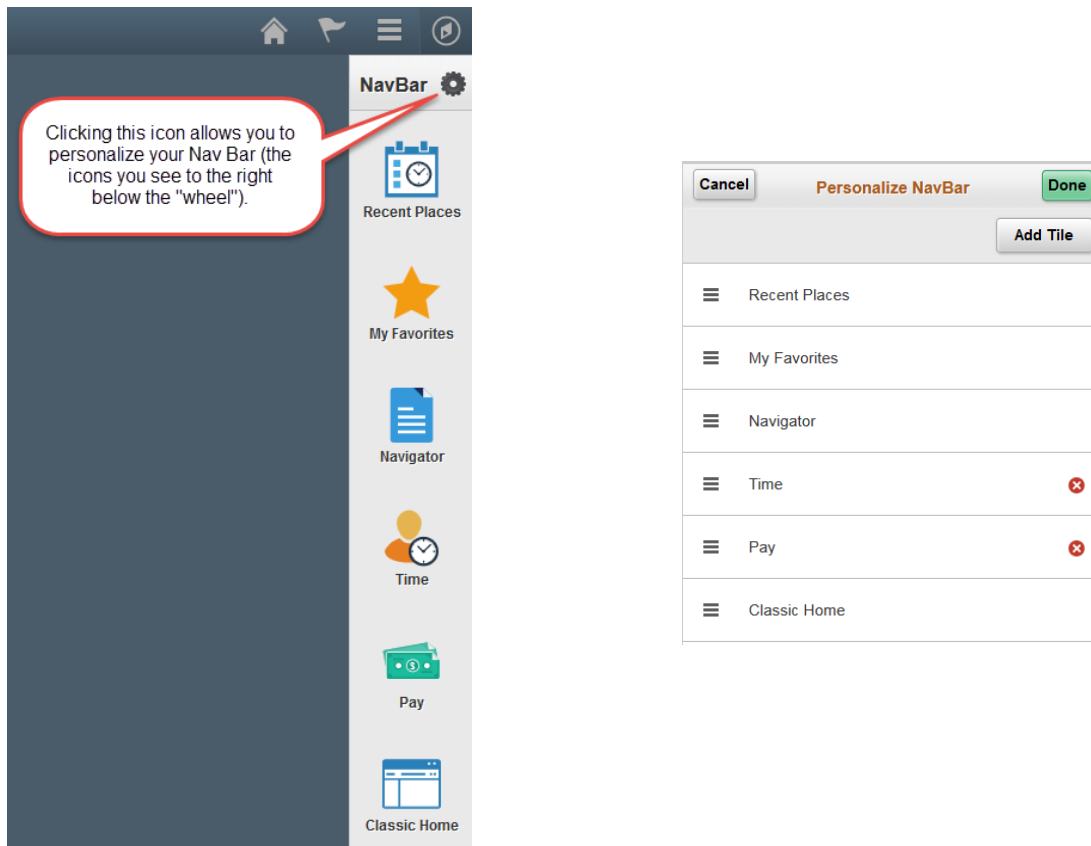

(Actions List) Frequently called “the hamburger,” tap to see a list of available actions for the current window. The Sign Out command is always available under this menu, as are context-appropriate personalization options.

(Nav Bar) Tap to use the Navigation Bar (Nav Bar). The Nav Bar provides handy navigation options such as Recent Places, My Favorites, Navigator (which expands to show the classic menu hierarchy), and Classic Home. Users can also add and remove fluid tiles from the Nav Bar using personalization options found here.

Navigation Bar

Recent Places

When you click this icon you will see the most recent places you have navigated.

My Favorites

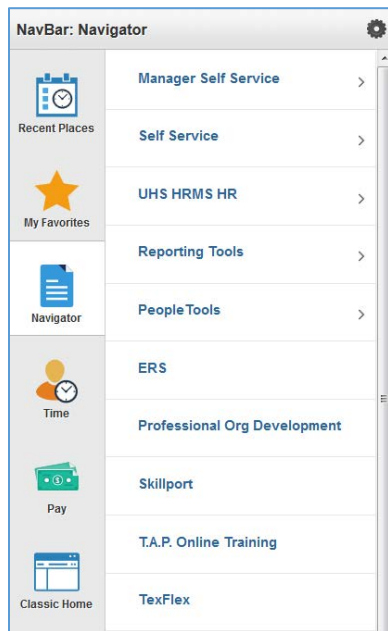

This configurable icon allows you to determine your favorites to display here. Favorites that you have saved prior to this update will be accessible here.

Classic Home

Clicking on this icon will take you to the "Classic" home, as used in prior versions of PS. If you run reports, work with eForms, or do other transaction tasks within PeopleSoft, you can use the Classic Home to navigate through the system.

Navigator

Clicking on this icon will present the main menu in a linear layout.

Tiles

Tiles found on the Employee Self Service home page can also be added to the NavBar for quick access.

Now, let's see what's inside those tiles!

Time Tile

Contents of the Time Tile

The Time tile is used for reporting time (webclock), viewing your timesheet, requesting leave, and viewing absence history and balances. If you use the webclock to record time, the system will default to the Report Time task. If you do not use the webclock, this option will not display.

Webclock - Hourly

Hourly employees that clock in/out using the webclock will navigate to the Time tile to record their time. Select the Punch Type and click Submit. The system does display the last reported time on the bottom of the page. Employees should not clock in/out from your phone unless previously approved by your manager.

You will be prompted to share your location. Click the Allow button.

View Timesheet

Use the Timesheet page to view current and previous pay periods. Hourly employees can view their punch times on this page.

If you hover your mouse over the pie chart, you will see the percentages of each “piece of the pie.” As you view each category of reward item on the side bar, you will see your contribution as well as the University’s contribution in Taxes, Retirement Benefits, and Health and Life Insurance, providing a visual of your Total Rewards package.

If you have questions regarding your statement, please see contacts below:

- Compensation – contact the Compensation Team
- Taxes - contact the Payroll Team at hrpay@Central.uh.edu
- Retirement and/or Health and Life Insurance – contact the Benefits Team

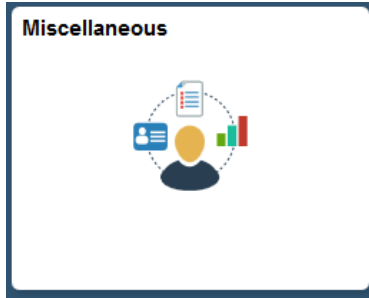

To view the details associated to any of the categories, select the desired option (Comp, Taxes, Retirement, or Benefits). Once in the category, click on a record to view additional details.
