

UNIVERSITY of  
**HOUSTON**

STUDENT GOVERNMENT ASSOCIATION

Label: UB – 55021

Date introduced: January 29, 2019

Author(s): Senator Pham

Sponsor(s): President Barrett, Vice-President Durusman, Speaker Lorine, Legislative Chief of Staff Do, Chair Vicklund, Senator Berger, Senator Pen, Senator Chang, Senator LaCourt, Senator Campell, Senator Jeffrey, Senator Syed, Senator Potts, Senator Louch, Emerging Leader Adaya

Committee: Student Life

Draft: Final

The Recycling Unification Act

Whereas, there is not one standardized recycling bin on campus.

Whereas, students have problems locating recycling bins in areas they most frequent;

Whereas, several academic and administration buildings lack accessibility to recycling bins, specifically in areas with heavy traffic;

Whereas, the University of Houston's staff has difficulties requesting official recycling bins in their own buildings since none has been established;

Whereas, the University of Houston's staff has difficulties collecting recyclable items due to the lack one recognizable standardized recycling bin;

Whereas, the committee of sustainability have expressed concerns that any additional recycling bins cannot be done without unification;

Whereas, one recognizable official recycling bin will help develop an effective recycling system and promote the recycling culture in our university.

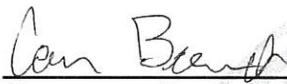

Therefore, be it enacted by the Senate of the Student Government Association of the University of Houston:

That there will be a standardized recycling bin established campus-wide;

Be it further enacted, that at least one official recycling bin will be implemented in every campus building, including, but not limited to: dining halls, dorms, administration, and academic structures;

Be it further enacted, that the University of Houston's staff will have the ability to request an official campus recycling bin through the Office of Sustainability if necessary;

Be it further enacted, that the University of Houston's waste management will establish a recycling map that indicates where each bin is located.
