#### Theory and Aural Skills Proficiency Examinations:

Upon admission to the program, all students must complete proficiency exams in Music Theory, Aural Skills, and Piano. Proficiency exams are prerequisites for several courses in the theory and aural skills sequences. Furthermore, proficiency examinations are valid only through the next offering of the course for which they are prerequisite; if a student, having qualified for a course for which a proficiency examination is prerequisite, fails to complete that course the next time it is offered, the student must retake and pass the proficiency exam(s) for that course before enrolling in it. Applied studio placement is determined by performance in audition.

#### Transfer Credit Limit

A maximum of 66 hours (grades C- or better) of 1000/2000 level transfer hours may be applied toward a UH degree. From the above courses, choose the 66 hours that best meet the degree requirements for your UH degree combination (Major, Double Major, Double Degree, and Minor). Any additional hours over 66 cannot be used to satisfy degree requirements.

- Students who currently attend UH should refer to their departmental advisor **BEFORE** taking courses at another college.
- Courses listed above are **suggested** courses for this degree. Other courses in combination may apply to a degree.
- See department or course catalog for further information on your degree plan.
- Freshman-level language courses are not required for this degree (though may be needed to achieve sophomore-level courses) and do not count towards the 66 lower level hour limit unless used to satisfy degree requirements.

#### Texas Undergraduate In-State Tuition Enrollment Cap

Under current rules, Texas resident undergraduate students who enrolled for the first time in a Texas public institution of higher education in fall 1999 or later may be charged a premium tuition rate after they reach an established enrollment cap. For details, see [Texas Enrollment Cap](#) | [Office of the Provost](#) | [University of Houston](#).
