Explore UH Majors

* College Success curriculum is the same across all sections. Enrollment in a program specialty section does not indicate acceptance into a specific major or program or change in course curriculum.

Connect with UH Campus, Culture, and Student Resources

Undergraduate Student Success College Success curriculum is your secret to a successful start at UH!
College Success provides first-year students with opportunities to develop skills, behaviors, and attitudes seen in successful scholars, including learning and study strategies, communication, time-management, and career and major exploration. It also provides connection to UH campus culture and resources. Course sections are designed to be small; staffed by instructors from academic and support offices across campus and are assisted and mentored by an undergraduate Peer Mentor. College Success will be the “Home Base” for your first UH semester.

The curriculum is the same in all sections, so choose any section that fit your other scheduled courses. The course lists below include sections labeled by program specialty. These sections will be led by an instructor with a unique knowledge about these areas who may provide additional guidance and connection to and among students with these interests. All instructors are prepared to teach students who are undecided about their major. Note*: Enrollment in program specialty sections does not indicate acceptance into a specific program or major.
